

Upravo sam pronašao 7 dijelova dinosaura. Izreži dijelove, spoji ih i naljepi u kvadrat dolje. Koji je to dinosaur?

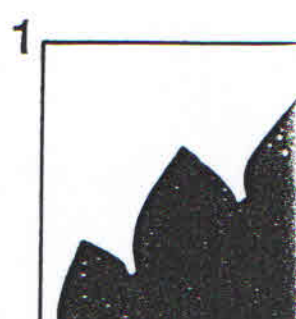

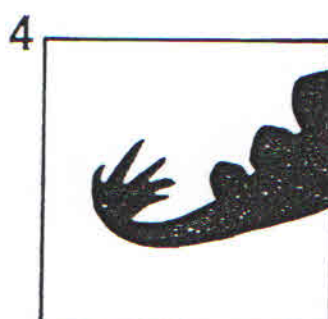

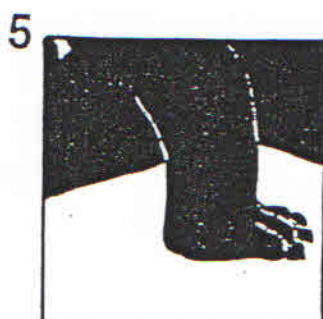

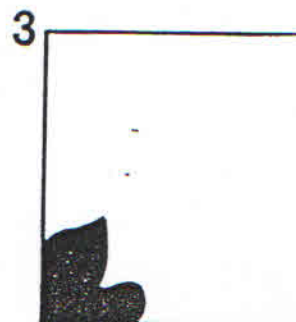

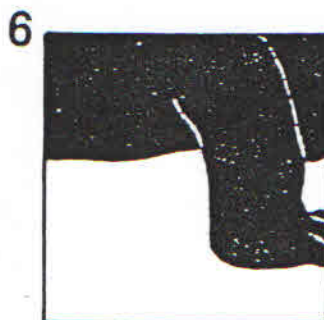

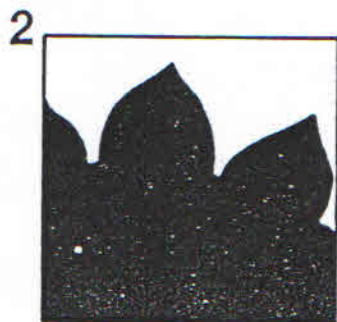

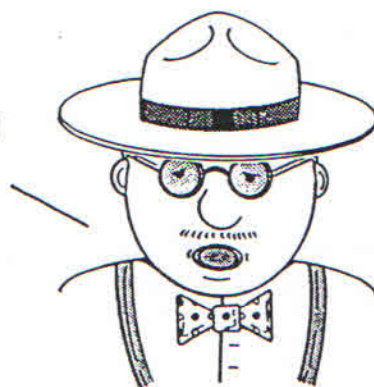

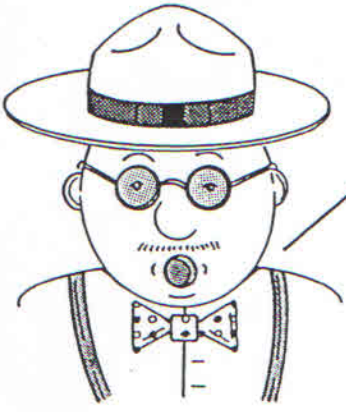

Možeš li pronaći 8 stvari koje sam izgubio u ovoj šumi dinosaura?

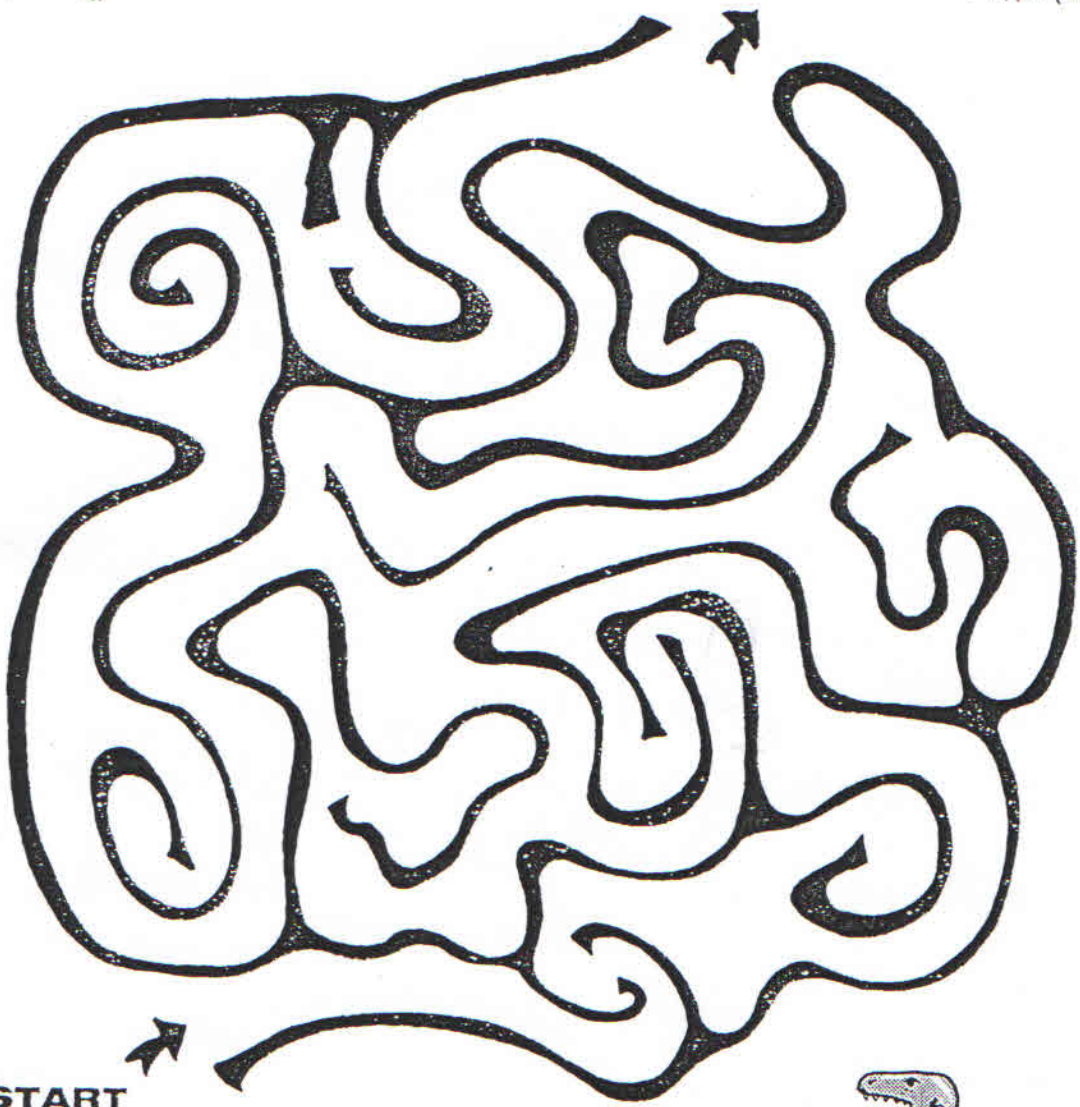

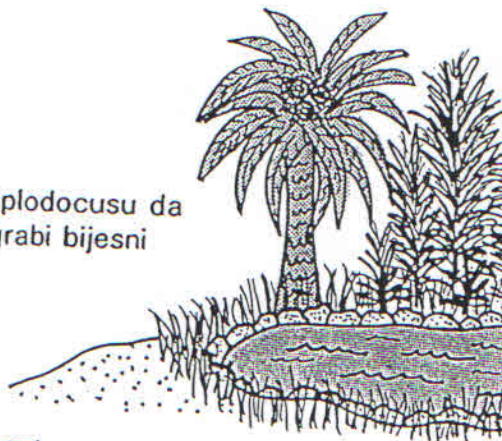

Pokušaj ovu slagalicu složiti tako što ćeš sliku jedan nacrtati u kvadratiću 1, sliku 2 u kvadratiću 2 i tako redom. Nastavi tako dok ne iscrtaš sve slike. Pogledaj što si dobio.

Jao, jao - možeš li pomoći nježnom Diplodocusu da pobjegne na sigurno prije no što ga zgrabi bijesni Allosaurus.
