

Pomozi dječaku i djevojčici pronaći put do vrtića crtajući strelice.

Nakon što su dječak i djevojčica došli do vrtića pomozi im da dođu i do škole. Izreži strelice i pomoću njih napravi svoj labirint. Odaberis kojim putem će doći do škole. Strelice kojima će označiti put pronađi na drugoj stranici.

Pišući po isprekidanoj crti napravi krug. Pazi na smjer koji pokazuju strelice! Po želji možeš i obojati krugove. Kružiće izreži škaricama, usporedi ih i poredaj od najvećeg do najmanjeg.
